Support Overview

Cape PC Services Support Options

A dedicated team of IT specialists man the Cape PC Services Support Desk. We interact with clients to provide efficient incident management and problem resolution for all local network and computer issues, including:

- Technical support for desktops and laptops
- Technical support for physical and virtual servers
- Technical support for local network, printer, wifi, and internet issues
- Support for user applications where possible
- Management of all third-party vendors

In essence, Cape PC Services provides a single point of contact for all your IT requirements!

The Cape PC Services support desk, provides clients with remote support services and on-site support for issues that cannot be resolved remotely.

Service Desk Support Options

Option 1: Ad-hoc Support

Cape PC Services provides Ad-hoc support on a R630/hour basis and will bill in 15min increments upon completion of work done.

Please note that pre-agreed after hours work for Ad-Hoc customers is invoiced at R945 per hour.

Option 2: Block of Hours

Hours in Block	Monthly Cost	Rate per Hour
2	R 1220	R610
5	R 2900	R580
10	R 5300	R530
20	R 9600	R480

In the Block of Hours support model, time will be logged against the pre-purchased hours in 15min increments. Should the blocks of hours allocated/agreed upon be depleted, blocks will automatically be renewed as arranged with the customer.

Should the hours in the month be unused (including hours purchased intra-month), these hours will rollover for the next 30-day period.

Pre-agreed after hours or on-site work for Block contract customers is deducted from the existing Block at 1.5 times the time spent. (i.e. 1 hour of afterhours work = 1.5 hours removed from the Block).

Option 3: Unlimited Remote User Support:

Cape PC Services also provides unlimited remote user support and is set at R225 per user. However, unlimited support customers are required to subscribe to one of our tier business packages. These Packages includes:

- Panda Endpoint Antivirus.
- Kabuto Network and Computer Monitoring.
- Acronis Backup or an approved backup solution.

Our Full Tier Package includes all remote/site support for the environment status quo, all machines on this package must undergo initials checks and necessary software installed which will be charged at a reduced hourly rate of R500 per hour and must not exceed 1 hour per workstation.

Any additional work, changes or requests above contract will be charged at a reduced hourly rate of R500 per hour.

Pre-agreed or emergency after hours work for our full tier package customers is invoiced additionally at R900 per hour.

A Block of Hours can be used in conjunction with any Tier Package to reduce the costs of change requests, on-site and after-hours work required.
